Charbonneau Villager

# Congratulations to Judy Williams, Niners 2023 club champion

By MARY FIEWEGER  
Charbonneau resident

**Judy joined the Niners club five years ago. At the age of 72 (sure looking good!) she started to play golf. Why?**

She and husband Mike live next to hole 5 on the Red Course and enjoyed watching golfers go by. "I got hooked and I am very competitive. I have always been a good athlete and thought, 'I can do that.' I listened to tips from golfers and took lessons and kept getting better and better. As an athlete, I believe in practice. We know that Judy. We see you on the driving range every day with a large bucket of balls. "When I have a couple of extra hours I say to myself, "Let's go hit some more balls!" Good thing she is on the Pro Shop Range Ball program!

She used to play bridge. Crafts? No! "Even though I have three girls, I still can't French braid." There were no sports in high school for girls, so she played with the boys! Judy said no to swimming in high school as she is 5'9" and it was bad for her teenage hairdo.

She and Mike volunteer for their grandchildren's schools and attend their volleyball and football games.

And as if golf and these activities were not enough, she and Mike are avid cyclists. They have cycled

Judy Williams is the 2023 Pink Ball Golf Tournament champion.

all over the world with their favorite tours being Mount Van Traux and Province, France touring wineries. Their favorite rides have been in Spain, France and Italy. Not Charbonneau? She still cycles every Wednesday with the 'Bike Bunch' a Portland Cycling group.

Judy and Mike moved to Charbonneau from West Linn. They lived on five acres and had horses, lamas, steer, rabbits and a Pot Belly Pig 'Buster' (her favorite, 'he looked liked Wilbur from Charlotte's Web).

Sounds like we can all take lessons from Judy now! All her practice has paid off. Our club champ!
