

The Niners

By CATHY LOFFINK

Thank you to everyone who has supported me

As the season's end draws near and my tenure as president comes to a close, I would like to take

this opportunity to express my thanks, gratitude and special feelings toward the Niners and others who have supported and helped me along in the last two-plus years.

To begin with, the Niners were and still are extremely gracious and understanding as I tried to be the best leader I could. They stood behind me even when I faltered. I had fun and enjoyed myself at every turn. Because they are so dedicated and enthusiastic, all our events, outings and play-days were successful. I have made so many friends and gotten to know others even better than before.

I especially want to extend a special thank you to Treasurer Marsha Wadsworth, who worked

Niner Olympians: Helene Meskers, Debbie Gross, Mindy Berquist, Brenda Gardiner, Joann Carvalho and Lynn Brunner

staunchly with me and was relentless in helping me make good decisions. Of course, there are many others, and I wish I could name them all, but that would mean my article would take up this month's whole edition of the Villager!

As in any organization, people outside of the club were of considerable help and gave the Niners and me every chance to be a successful club. I am quite aware that there were many days that Chris saw me coming and was too late to close his door. OK, so I might have put my foot in the door on occasion so it couldn't close. He was always gracious and worked with me every step of the way. In addition, I am

grateful for an understanding, patient and thoughtful ProShop staff.

Yes, Niners are more than a golf club, as they proved to me day in and day out.

Our Annual Tournament was a success and this year's club champion is Nancy Veteto. The honor is

well deserved. Other winners included: Flight 1 Mindy Berquist low gross, Brenda Grardiner low net, Flight 2 Helene Meskers low gross, Debbie Gross low net, Flight 3 Joann Carvalho low gross, Lynn Brunner low net and most improved, Beth Martin. Since our theme was Niner Olympics, we are proud that they are considered our 2024 Niner Olympians.

Once again, the Niners put on the Annual Community Program, a theatre presentation of song and dance. This year's program, "Fall Follies," had a variety of music related to all things autumn. There were witches, back to school students, a school Marm and even a Ghostbuster. A spooky group of skeletons danced to "Thriller" as the finale. We look forward to seeing you at next year's performance and will surely entertain you again at one of the three popular shows.

In the next issue you will be introduced to the 2025 Charbonneau Ladies

Niners' Executive Board. I am excited for them and know that our group will be in good hands.

When you read this in November, the holiday season will be in full swing, with

Halloween just past and Thanksgiving and the various December holidays ahead. For the Niners that will mean a Holiday Happy Hour in December to celebrate a fabulous year of golf and friendship.
