

NINERS' 2022 ECLECTIC GAME

HOW LOW CAN YOU GO?

WHAT IS ECLECTIC? A game that determines what your score would be if you only used the lowest score you make for each hole on each course during the season.

WHEN DO WE START? May 03 through September 06, 2022. Only include Tuesday regular play day scores that are posted for handicap.

WILL THERE BE PRIZES? Yes, all entry fees will be awarded as cash prizes. There will be at least 2 flights and prizes will be awarded for all three courses and highest grand total score.

WILL HANDICAPS BE USED? Yes, prizes are awarded on NET scores.

HOW MUCH IS THE ENTRY FEE? ONLY \$5.00! Entry forms are on the Niners counter. Complete the entry form, attach cash or check payable to Sandy McCallister, put into the slot in the drawer of the Niners counter. Upon receipt of your \$5, a scorecard will be kept for you in the Eclectic Score Box located on the Niners counter. If one has not been prepared and you have paid, you can create your own card. Blanks are in the back of the box.

HOW DO WE DO IT?

1. The first time you play any course, circle your score on the card for each hole on that course.
2. After that, only circle an improved score for a hole. (do not erase old scores)

EXAMPLE

On the first playday, if you play the Red Course, and shoot a 7 on Red #1, you would circle the 7 on the scorecard in the Red Course section for hole #1.

The next play day that you play the Red Course and you shoot a 4 on Red #1, you would Circle the 4 on the scorecard in the Red Course section for hole #1. DO NOT erase the 7; now 4 is your best score for that hole. Repeat for each hole on that course and do the same for the Yellow and Green courses as you play them.
