## **End of Year Banquet Review**

## **Greens Committee**

**Joyce Bowden**

Joyce shared several points of interest from the Greens Meeting. Limbs of several trees will come down naturally over time, avoiding the high cost of removal. Seed prices have gone up and there is a problem with billbugs on the course. The Marketplace Cafe will be closed on Mondays and Tuesdays. Security issues are being addressed in the Pro Shop. There are security cameras in the Shop as well as the Cafe. There are plans to update the alarm system in these areas. At this time, employees have not expressed personal safety concerns.

## **Golf Genius**

**Karla Colby/Beth Martin**

Karla and Beth reported about the possibility of the membership being able to sign up and play with their own teams, perhaps once a month. The adjustments on Golf Genius would not be difficult. There are issues involved still needed to be worked out.

## **Employee Scholarship**

**Mary Fieweger**

Twenty-five applications were sent to employees. Seven were received back. If the applicants are qualified to receive a scholarship, it will be split among the seven applicants.

## **Pink Ball Review**

**Mary Fieweger**

Mary reports that the Pink Ball went very well. Any glitches have been discussed at the Pink Ball Committee meeting. Marsha Wadsworth was thanked for her work.

Mary mentioned that we have made around 1500 dollars from gift wrap in the past. Possibilities, such as the sound system, were mentioned as a possible use for this money.

## **Rules**

**Bonnie Bohm**

Bonnie reports that our rule book has a few errors which she will address. A rule about turning off cell phones, except for medical calls, during play will be addressed.
