Flight 2: Low gross, Larayne Hutchins

Flight 2: Low net, Melanie Payton

Flight 3: Low gross, Angela Greene

Flight 3: Low net, Terri Layton

Awards will be presented at our Sept. 20 scramble. Look for pictures in the November issue.

Our arranged tour at Oregon Health and Sciences University was so interesting. We were met at OHSU by Lisa Nolen, director of community involvement, and Dr. Adam Krieg. Adam was born and raised in Molalla and was pleased to learn we were all from Charbonneau! He is one of the leading researchers of Ovarian Cancer in the country. Dr. Krieg said: "How would all of you like to go into the lab?" We actually got to see donated cancer cells under a microscope and learned about normal cells versus cancer cells and what labels a cancer "rare"! Scientists have learned more about cancer in the last two decades than had been learned in all the centuries preceding. He so enjoyed our group and at the end said, "Let's do this again." I will be scheduling another tour so let me know if you are interested. Lisa Nolen remarked that our Niners have raised over \$600,000 through the Pink Ball Golf Tournament over the last 18 years for cancer research. By the time you read this, we will have a NEW total.

The November Villager issue will also include the announcements of the Niners 2023 officers, and photos of our Niners Performance Dance and Skits.
