

Niners

By CATHY LOFFINK

Thank you Niners social members

As we close in on the last month of our golf season, there is much to reflect upon. Primarily it was a very good season of golf and enjoyable events with several new women adding to our membership. During the month of September, there were many events that took place. A few to mention are The Annual Tournament, which determines the Club Champion, the awards scramble and luncheon, where members are acknowledged for the great things they accomplished throughout the season and, of course, The Annual Community Niners Performance. In addition, in preparation for the 2026 season, the new officers will

have been elected. These will all be recapped in a later article.

Our last regular scramble was held in August and the Niners took a few moments to thank and show appreciation for the fabulous maintenance crew led by Superintendent Andrew. They were given an individual certificate of recognition and a dozen cookies for each person. The 15 dozen cookies were lovingly made by Niner Co-President Joanne Stuvik. I am guessing she probably did not want to see a cookie recipe for awhile after that. I want to give a special shout-out and thank you to Leesa Gango, who has chaired the Scramble Committee for the last four years.

Finally, this seems to be a good opportunity to express gratitude to all the Niner social members. This group of 16 women have been extremely supportive and involved. They help with everything from playday check-in to being on various committees and participating in other ways as the occasion arises. There are too many to name in this article who are an integral part of the Charbonneau Ladies Niners Golf and they are appreciated.
