

*Thank You*

Dear Karen,

On behalf of all my friends and colleagues at Oregon Food Bank and its network of partners, I want to say, "Thank you."

**Thank you for being there when your neighbors needed you most.**

This was truly a challenging year for all of us. I'm proud to say that we have risen to that challenge as a community. In the face of skyrocketing hunger, and in the midst of a pandemic that requires rigorous public health standards, we have never slowed down. We adapted, innovated, built new and exciting partnerships and we prioritized our neighbors experiencing hunger.

As a member of our community, you know that this work is about more than funds generated and meals served. Our vision is to build resilient communities that will never know hunger. And, even as we are experiencing hunger at its highest level in almost a century, I still believe in that vision.

I'm grateful for our community. And I'm grateful for you.

Sincerely,

Susannah Morgan  
Chief Executive Officer
